

LivingThing

```
graph BT; Ostrich --> EggProducer; EggProducer --> FarmAnimal; FarmAnimal --> LivingThing;
```

The diagram illustrates a class hierarchy with four levels. At the bottom is 'Ostrich', which inherits from 'EggProducer'. 'EggProducer' inherits from 'FarmAnimal', which in turn inherits from 'LivingThing' at the top. Each class is enclosed in a rectangular box, and the relationships are indicated by upward-pointing arrows.

FarmAnimal

EggProducer

Ostrich
